

Missouri Fertilizer Control Program

P.O. Box 1728 · 410 Madison Street · Jefferson City, MO 65102

Fertilizer Inspectors Temporary Procedures/Protocols for Fertilizer Sampling

1. Call facility to notify when you will be there to pull samples
2. No face-to-face contact with employees of the facilities is preferred. If check in is required by the facility, follow their procedures but stay at least six feet away when talking or getting information
3. Call office to gather information for the sample tickets, do not enter main office
4. Only access fertilizer bins or trucks/spreaders and, as much as possible, do not touch equipment, buildings, etc. when pulling sample
5. No signature will be required on sample ticket
6. No sample ticket will be left with facility or employees
7. Completing Stop Sale forms: Call Company to find out if or how much product was sold and what resolution – relabeled or return to manufacturer. Complete the stop sale form and email or mail to company and ask them to sign and return a copy to you.
